

PRESIDENTS REPORT

What a fantastic year we have had with many and varied social functions. Membership has remained steady and we have two new "Vindi. Boys" join our group. My sincere thanks go to Derek Butler for the wonderful job he has done as vice president and social manager.

My thanks to our treasurer David Bell, whose hands are sore from keeping a tight reign on expenditure, leaving our association in a very comfortable financial position.

To Ken Gray, Charlie White, Ron Howells and Doug. Amor, thank you all for your invaluable assistance throughout the past twelve months.

On a sad note, we lost our shipmate Joe Mann "who crossed the bar" last October, Joe was the life and soul of our meetings and socials always with a smile and a good yarn. Joe will be happily remembered and sadly missed, our condolences go out to his charming wife Hope.

To all members, thank you for your confidence and support of our very special association. I and the committee are most grateful to all of you, as I have always said, it is you the members who make our club the success that it is.

Finally, to the management and staff of the Fremantle Workers and Social Club, a big vote of thanks for making our group so welcome.

Tony Harben
President.
